# Greensburg YMCA Youth Outdoor Volleyball

This developmental course is designed to teach the skills and techniques used in volleyball. We will focus on passing, setting, blocking, serving, receiving, and the use of formations in a game. We will learn the importance of team structure and targeting the key components of the game. This class is open to our Y Winners (ages 8-16) of any experience levels. Classes will end with scrimmages implementing skills obtained throughout the course. This program will be held Outdoors on a sand and grass volleyball courts. The participants will be separated by age and skill level and will stay with that group throughout the program.
