

OUR MISSION

GREENSBURG YMCA:

Our mission here at the Greenburg Y is to provide individuals with intellectual disabilities, autism, and their families the services and support they need to make real life choices about living, working, and options for social activities enabling them to live in and participate fully in the life of their community.

GREENSBURG YMCA

ADULT CARE SERVICES

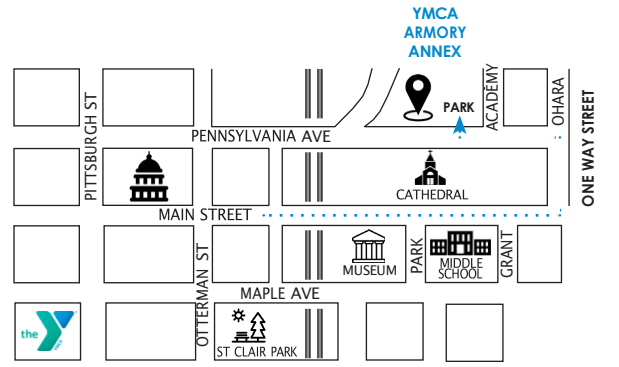

**Nurture. Educate.
Inspire. Support.**

The Greensburg YMCA offers programming aimed at supporting individuals and their families. We provide options to participate in the community, develop life skills, encourage socialization, and more.

The Greensburg YMCA currently offers two adult care service programs onsite at our second facility located at the **Armory in downtown Greensburg (308 N. Pennsylvania Ave.) - Community Participation Support Program (CPS)** and **Older Adult Daily-Living Center (OADLC)**.

We actively work to support the vision to continue to refine a system of quality services and supports delivered in respectful, inclusive environments, to foster competent, evidence-based practice and to extend our reach to individuals with intellectual disabilities who need our services.

OUR PROGRAMS

Older Adult Daily-Living Center (OADLC)

Older Adult Daily-Living Center (OADLC) is a day program for adults with special needs who are over the age of 60. The activities provided are based on individual preferences and needs that could include assistance with personal needs, exercise, crafts, games, household skills, etc. Quarterly nursing evaluations are completed and done more often based on individual need.

Our goal is to provide training in all areas of independent living to accomplish and maintain skills to promote residential and community competence.

The Older Adult Daily Living Center is licensed through The Department of Aging.

PROGRAM MISSION:

- To provide activities based on individual preferences and need such as exercise, games, kitchen skills, socialization.
- To provide nursing supervision and care including medication administration and quarterly health screenings or monitoring based on individual need.
- To provide assistance with personal care such as walking, eating, toileting, and personal hygiene.

BENEFITS & MORE MORE THAN A CARE FACILITY

- ACTIVITIES INCLUDE:**
- OUTINGS TO LOCAL ATTRACTIONS
 - SHOPPING
 - OUT TO LUNCH
 - PICNICS & LOCAL PARKS
 - HOLIDAY CELEBRATIONS AND MORE!

Community Participation Support Program (CPS)

Community Participation Supports Program (CPS) is a day program for adults with special needs between the ages of 18 & 59. The program objectives include training to promote independent living skills, community participation, personal and public safety, volunteerism, and leisure skills.

Our goal is to provide training in all areas of independent living to accomplish and maintain skills to promote residential and community competence.

The CPS program is licensed through the Office of Developmental Programs.

PROGRAM MISSION:

- To provide the opportunity for increasing social development and social integration through community participation support.
- To promote normalization in the community.
- To train independent decision-making skills and encourage freedom of choice.
- To provide personal and public safety training in all areas.
- To develop and/or improve leisure time skills by providing various activities, special events and community participation.
- To follow the Everyday Lives Bulletin.
