

### **The Greensburg YMCA's Policy in Reference to the American with Disabilities Act in Child Care Programs**

1. The YMCA child care program welcomes all children. To the extent it is reasonably able to do so, the YMCA child care program will provide services to children with disabilities or any special needs in the same manner as services are provided for other children of comparable age.
2. The YMCA child care program has the obligation to ensure the physical and emotional safety of each of the children entrusted to its care. It is essential that all pertinent information about the child's needs be available to staff from the outset of enrollment and that a continuing bond of trust and mutual partnership exists for the benefit of the child. Therefore, a parent has the obligation to disclose significant medical, physical, or behavioral issues at the time of the child's enrollment and on an ongoing basis.
3. Minimal monitoring and extra supervision is reasonable as long as it is not fundamentally different from the responsibilities that all group child care operators have for the safety and well-being of their students. The YMCA child care program is, however, unable to provide one-to-one care for any child except on an intermittent basis, such as injuries, immediate disciplinary issues, and certain personal care needs customarily provided to other children.
4. If it is unclear whether the YMCA child care program can reasonably accommodate the unique needs of a child, we will arrive at a final decision by reviewing the circumstances on a case-by-case basis. Such review will be comprised of most, if not all, of the following steps, unless such process would not meaningfully contribute to a final decision:
  - The director will meet with the child and family.
  - The director will observe the child in the classroom setting.
  - The director will assess the staff person's ability to handle the various manifestations of the child's special needs, and consider whether additional training, the cost of which is not unreasonable, would mitigate the difficulty.
  - The director will observe the child's adaptation to the group of children.
  - The director will discuss the child's needs with the staff person and supervisor.
  - If possible, the child will be enrolled for a trial period, not to exceed two weeks.
  - A discussion of possible, necessary accommodations will be undertaken and those accommodations that are reasonable and do not fundamentally alter the nature of the group childcare service offered will be implemented.
  - If the child's attendance cannot be accommodated because the needed accommodations are unreasonable or alter the nature of the service, the parents will be informed without delay.
  - If a proposed accommodation is prohibitively costly or would fundamentally alter the nature of the group-care service we provide, and we are not able to offer accommodation within the Program, the YMCA child care program may propose a surcharge for the additional cost or propose the presence of a trained aide at the parents' or others' expense to provide the services. At such point, the child will be admitted for a trial period to determine whether such accommodations are successful.
5. The YMCA child care program does not offer diaper-changing services as part of its group childcare service. In general, mandated staff-student ratios and the association's risk-management policies do not permit us to sequester one or more staff in a private area away from the group of children in order to perform this service. The YMCA child care program will consider a request for occasional diaper-changing services for a child as a possible accommodation but must make its final decision on availability of willing and trained staff, the size of the child, and the imperative to maintain certain staff-student ratios and the association's risk-management policies.
6. The YMCA child care program will administer medications to children who have asthma, who experience allergic reactions, or require blood-glucose tests. The YMCA child care program will not administer insulin shots. Any other substitute foods for raising blood sugar, such as honey, or orange juice, or other food substance, will be maintained at the parents' request if we are reasonably able to do so. Parents of children with any potentially life-threatening illness or condition must carry a pager with them at all times the child is at YMCA child care. The parents or other professionals sent by parents must train staff in the proper administration of such medications and must sign a waiver of liability from YMCA child care.
7. Guidelines for behavior are just that – guidelines, and not rigid rules. If staff believes that a situation exists that poses a direct threat of immediate physical harm to the child, to other children, or to staff, the director may make the decision to immediately suspend or to expel the child.
8. If it is determined that a child whose personal needs cannot be met in a group care setting through accommodations which are reasonable in policy, practicality and/or cost could potentially be successfully accommodated with a personal assistant not funded by the YMCA, an agreement with the YMCA child care program must be in place prior to such attendance. The agreement will provide that the personal assistant meets all applicable state standards for the type of services that the personal assistant will provide to the child; that the personal assistant will not be an employee or independent contractor of the YMCA; and that the personal assistant will be subject to the overall supervision of the YMCA child care program while he or she is present at YMCA child care. The agreement with any agency providing a personal assistant (or in lieu of said agreement, a certificate of insurance provided by said agency to the YMCA child care program) must state that said agency will provide

liability insurance in the minimum amount of the general liability coverage maintained by the YMCA child care program to indemnify the YMCA child care program for liability to third parties in connection with the personal assistant. In the event that such agency ceases to provide the coverage specified in this paragraph, the parents agree to arrange that the agency shall notify the parents if and when the amount of insurance coverage is below the amount specified in this paragraph. The agency or parents must then inform the YMCA child care program without delay in writing of such notification by such agency. The YMCA child care program will then reasonably determine that the insurance is sufficient for the purposes of this provision.

The YMCA child care program will have no policies, practices, and procedures involving special enrollment requirements for the enrollment of children with disabilities, except as outlined above. The YMCA child care program states that each of its management staff has read this document and is familiar with the requirements of the ADA.

### **Staff Code of Conduct**

Our staff is well trained and experienced with children and families. They are knowledgeable about child development, needs and activities. They are flexible enough to work well with children as they assert their emerging independence and are able to alter plans with ease and sensitivity. Our child care staff receives training in CPR, First Aid, AED, Bloodborne Pathogens, Fire Safety, Water Safety, Emergency Procedures and Child Abuse Prevention on a yearly basis. All of our staff is required to undergo criminal background checks, child abuse clearances, FBI Fingerprinting clearances, thorough reference checks and bi-yearly health assessment with a TB screening. Staff performance is evaluated periodically. A Staff Code of Conduct is included in your handbook. Each staff member working with your child has indicated their agreement to the code by signature. Please read and familiarize yourself with these standards. If at any time you feel that a staff member is not abiding by the Code of Conduct, please contact the Site Director, Youth Director or Child Care Director.

1. To protect YMCA staff, volunteers, and program members, at no time during a YMCA program may a staff person be alone with a single child where he or she cannot be observed by others. As staff supervise children, they should space themselves in such a way that other staff can see them.
2. Staff shall never leave a child unsupervised.
3. Restroom supervision: Staff will make sure the restroom is not occupied by suspicious or unknown individuals before allowing children to use the facilities. Staff will stand in the doorway of the restroom while children are using the rest room. This policy allows privacy for the children and protection for the staff (not being alone with a child). If staff is assisting younger children, doors to the facility must remain open. No child, regardless of age, should ever enter a bathroom alone on a field trip or at other off-site location. Always send children in threes (known as the rule of three), and whenever possible, with staff.
4. Staff should conduct or supervise private activities in pairs—diapering, putting on bathing suits, taking showers, and so on. When this is not feasible, staff should be positioned so that they are visible to others.
5. Staff shall not abuse children in any way, including
  - a. Physical abuse—striking, spanking, shaking, slapping, and so on;
  - b. Verbal abuse—humiliating, degrading, threatening, and so on;
  - c. Sexual abuse—touching or speaking inappropriately;
  - d. Mental abuse—shaming, withholding kindness, being cruel, and so on;
  - e. Neglect—withholding food, water, or basic care.

No type of abuse will be tolerated and may be cause for immediate dismissal.
6. Staff must use positive techniques of guidance, including redirection, positive reinforcement, and encouragement rather than competition, comparison, and criticism. Staff will have age-appropriate expectations and set up guidelines and environments that minimize the need for discipline. Physical restraint is used only in predetermined situations (when necessary to protect the child or other children from harm), administered only in a prescribed manner, and must be documented in writing.
7. Staff will conduct a health check of each child upon his or her arrival each time the program meets, noting any fever, bumps, bruises, burns, and so on. Questions or comments will be addressed to the parent or child in a non-threatening way. Staff will document any questionable marks or responses.
8. Staff will respond to children with respect and consideration and treat all children equally, regardless of sex, race, religion, culture, economic level of the family, or disability.
9. Staff will respect children's rights not to be touched or looked at in ways that make them feel uncomfortable, and their right to say no. Other than diapering, children are not to be touched on areas of their bodies that would be covered by a bathing suit.
10. Staff will refrain from intimate displays of affection toward others in the presence of children, parents, and staff.
11. Staff is not to transport children in their own vehicles or allow youth participants old enough to drive to transport younger children in the program.

12. Staff must appear clean, neat, and appropriately attired.
13. Using, possessing, or being under the influence of alcohol or illegal drugs during working hours is prohibited.
14. Smoking or use of tobacco in the presence of children or parents during working hours is prohibited.
15. Possession or use of any type of weapon or explosive device is prohibited.
16. Using YMCA computers to access pornographic sites, send e-mails with sexual overtones or otherwise inappropriate messages, or develop online relationships is not allowed.
17. Profanity, inappropriate jokes, sharing intimate details of one's personal life, and/or any kind of harassment in the presence of children, parents, volunteers, or other staff is prohibited.
18. Staff may not be alone with children they meet in YMCA programs outside the YMCA. This includes babysitting, sleepovers, driving or riding in cars, and inviting children to their homes. Any exceptions require a written explanation before the fact and are subject to prior administrator approval.
19. Staff must be free of physical and psychological conditions that might adversely affect children's physical or mental health. If in doubt, an expert should be consulted.
20. Staff will portray a positive role model for youth by maintaining an attitude of loyalty, patience, courtesy, tact, and maturity.
21. Staff should not give excessive gifts (e.g., TV, video games, jewelry) to youth.
22. Staff may not date program participants who are under the age of 18.
23. Under no circumstances should staff release children to anyone other than the authorized parent, guardian, or other adult authorized by the parent or guardian (written parent authorization on file with the YMCA).
24. Staff is to report to a supervisor any other staff or volunteer who violates any of the policies listed in this Code of Conduct.
25. Staff is required to read and sign all policies related to identifying, documenting, and reporting child abuse and attend trainings on the subject, as instructed by a supervisor.
26. Staff will act in a caring, honest, respectful, and responsible manner consistent with the mission of the YMCA.

##### **Opportunities for Involvement Include:**

#### **YMCA Character Development:**

The Y's commitment to character development makes it extraordinarily valuable to the communities and people it serves. The Greensburg YMCA has incorporated the Core Values into all of its Child Care Programs. The core values are Caring, Honesty, Respect, and Responsibility. Character Development begins with each of the staff embracing the core values and being trained in strategies for implementing them. They then are actively involved in planning activities, as well as the "teachable moments" that arise in the daily goings-on in the programs, that teach these values to the children.
